

cloughbottom trees and shrubs

Spring 09

n e w s l e t t e r

Spring has definitely sprung into life here at Clough Bottom and our trees and shrubs are looking magnificent! A true riot of colour, we have some stunning specimens that will make a dramatic and immediate visual impact on your garden or landscaping project.

Beautiful new leaves and foliage and delightful spring blossom... it's all here at Clough Bottom Trees and Shrubs

Our plantation is a riot of stunning spring colour, shape and texture and now is a great time to experience it. So why not pop down and see our range of cherries with their delicate pink and white spring blossom

(from £75) or our varieties of hawthorn (from £88). Don't miss this magnificent display - call now for an appointment or why not come along to our Open Day?

**Spring Colours Open Day - Saturday 16th May
11am-4pm**

Visitors to our popular Open Days will tell you that there's no better way to choose a tree or shrub than taking a leisurely stroll through our plantation and discovering our extensive range of trees and shrubs all planted outside in the most natural of environments.

They will also tell you how reassuring it is to see them thriving in local, Lancashire soil and see the level of care bestowed on each and every one of them (believe me it's a struggle getting Harry to sell them - when he's nurtured them for up to 10 years he gets pretty fond of them!). With geese wandering around, advice on hand and a ready supply of refreshments, including our *Food from the Farm* range of homemade cakes and tea breads it's a refreshing way to shop. Do come along - everyone is welcome!

Other news from the Farm...

We are thrilled to have been shortlisted for two of Lancashire & Blackpool Tourist Board 2009 Tourism Awards - Self Catering/ Serviced Apartments Award and the Sustainable Tourism Award. This is great recognition for what we do here - providing a truly memorable holiday experience at the same time being totally committed to caring for, and protecting our environment. We'll let you know how we get on! In the meantime if you'd like to see our three holiday cottages, or our fabulous 16th Century converted barn that can be hired for private parties and functions, call or visit cloughbottom.co.uk. And if you like beef, you might also be interested in our 10kg Organic Beef Boxes. For more information visit cloughbottom.co.uk and click on **Organic Beef**. Why not download our Clough Bottom Pot Roast recipe too?

We do hope we'll see you at the Open Day, but if you can't make it, then don't forget you can visit us Monday-Friday between 10-4pm, and on Saturdays between 1-5pm. Just call beforehand to let us know you're on your way - 01254 826285.

Enjoy the Spring colours!
